- **Incredible Surround™ with dbx® hi-fi stereo sound**
- **Philips ImageMax™ technology**
- **Removable protective filter**

Let's make things better.

PHILIPS

50" Rear Projection Television

Picture

High-Performance Lenses

Using Delta 77/78 lens, the undisputed industry standard in optics, the high-performance lens system achieves more consistent edge-to-edge brightness and contrast with a dramatically reduced focal length—result is crisp, well-defined large screen images and slim cabinet design.

Digital Comb Filter

Digital circuitry clearly separates black and white detail from color data virtually eliminating dot crawl and delivering unmatched, razor-sharp picture performance with 800+ lines of horizontal resolution.¹

Philips ImageMax™ Technology

Enjoy a superior home cinema picture with this patented Philips technology. Combining multiple stretch technologies, CTI, tint correction, and more, this set responds to signal by adjusting saturation and correction levels for sharper colors and noise-free images.

Component Video Input

Supports advanced video input (such as DVD) for superb color purity, crisp color detail, and reduced color noise—surpassing even that of S-Video!

Removable Protective Filter

Provides substantial increase in visual contrast and prevents serious accidental damage to the delicate front lenticular screen. It's almost like having a full-time body guard watching over your investment.

Multipoint Convergence

Black Stretch

Video DNR

(Dynamic Noise Reduction)

AutoPicture™

Blue Stretch

Green Stretch

3-Position Color Temperature

Remote Control

Universal TV/VCR/DVD/DBS/Cable Remote

Controls all features and functions of this television with direct menu access, plus activates Auto Window™ PIP with Action Freeze, Position and Swap; and exclusive AutoSound™ and AutoPicture™ options. This remote also controls all important operating features and functions of virtually all infrared VCRs, DVDs, Digital Broadcast Systems, and on/off and channel up/down on most cable converter/decoders. Remote (RC2015)

Convenience

Two-Tuner PIP

Enjoy all the benefits of AutoWindow™ PIP without a VCR. You can tune to your favorite show with tuner one, for example, while scanning other channels with tuner two in the PIP window. The A/V inputs are also available as PIP sources so all functions of standard PIP are still accessible.

Side A/V Jacks with Headphone

For easy connection of external video sources (VCR, camcorder, or video games), side audio/video input jacks are quick and inconspicuous.

AutoSurf™

Second S-Video Jack

Trilingual Onscreen

Sound

Incredible Surround™

An exciting psycho-acoustic method of widening the stereo spatial image for full-impact home entertainment.

AutoSound Plus™

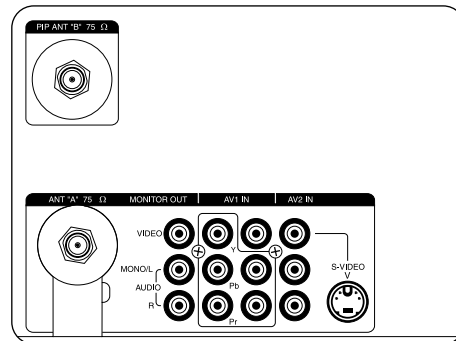

Instantly optimize sound to satisfy any program situation. Select from one of four factory settings including movies, music, voice, or personal with a variety of combination of ultra bass, treble, and automatic volume leveling to suit any taste.

20-Watt dbx® Hi-Fi Stereo Sound System

10 Watts RMS per channel into 8Ω, from 50Hz to 20kHz, with no more than 0.5% Total Harmonic Distortion.
