

PIXMA iP4200 Bubble Jet Printer

Canon

advanced simplicity®

Outstanding photos and documents at home.

PIXMA – HOME PHOTOS HAVE NEVER BEEN THIS REAL

PIXMA is the direct result of Canon's expertise in print-head technology, photography and copying. Canon's new PIXMA range features FINE print-head technology which places microscopic ink droplets on the page with unparalleled accuracy and consistency. PIXMA delivers superior quality to your photographic and document printing with unsurpassed speed and reliability.

SUPERIOR QUALITY PHOTO PRINTS AT SPEED

- Ultra-sharp 1 picolitre FINE technology results in enhanced shading and precise detail for superb images.
- Produce high-definition photos and documents at up to 9600 x 2400 dpi.¹
- The ContrastPlus 5 individual ink system gives your photos greater contrast with a dynamic three-dimensional feel.
- Enjoy borderless photo printing at home – up to A4 size.
- Print a true-to-life, borderless 6" x 4" photo in approximately 51 seconds.²
- The USB 2.0 Hi-Speed interface ensures fast data transfer, so you won't waste time waiting.³

Image simulation

1 picolitre FINE technology eliminates graininess to produce razor-sharp images

CONVENIENCE, VERSATILITY AND VALUE

- Reduce paper wastage with the convenient automatic duplex unit that allows quick and easy double-sided printing. You can also use automatic duplex and Canon's PAK-101 (optional Photo Album Kit) to create your own double-sided photo albums at home.
- The dual paper-path allows paper to be loaded from both the auto sheet-feeder (ASF) and front cassette, perfect for switching between plain and photo paper without having to re-load each time.
- Prints directly from compatible digital cameras using Bubble Jet Direct or PictBridge technology, the industry standard for direct printing – no computer required.⁴
- Individual ink tanks save you money as each colour is stored in a separate tank so you only need to replace the one that runs out.

Automatic Duplex Printing

2-Way Paper Feeding

PictBridge Direct Printing

5 Individual Ink Tanks

PERSONALISE YOUR CDs AND DVDs

Use the CD-LabelPrint software to create your own label designs and print them directly onto printable CDs and DVDs. Print images and text onto your favourite music compilation CD or holiday DVD. You can even print multiple thumbnail images for easy reference to the photos stored on your CD or DVD.

Prints directly on CD and DVD media

Create your own CD or DVD labels

BE CREATIVE WITH EASY-TO-USE SOFTWARE

- **Easy-PhotoPrint** is a user-friendly application for printing out digital photos, retouching portraits and lab-quality trimming.
- **Easy-WebPrint*** eliminates waste and frustration by automatically adjusting the size of a web page to ensure it fits on the sheet perfectly when you print⁵
- **PhotoRecord*** lets you create beautiful photo albums with imaginative layouts and captions.
- **CD-LabelPrint** allows you to layout label designs and print them directly onto printable CD and DVD media.

*Windows only

Easy-PhotoPrint – Simple 3 step process

TRUE-TO-LIFE PHOTOS THAT LAST A LIFETIME

A beautiful photograph is something worth keeping forever. Now with ChromaLife 100, the photos you print at home will maintain all their vibrancy and colour for 100 years.⁶

The combination of genuine Canon ChromaLife 100 ink and selected Canon photo papers lets you print long-lasting photos of unrivalled quality. Thanks to ChromaLife 100, the precious memories in your albums will still be bright and fresh a century from now.

Canon has a range of specialty photo papers that's suitable for virtually every photo size and use.

To ensure you gain all the long-lasting benefits of ChromaLife 100, make sure you choose Canon's Photo Paper Pro, Photo Paper Plus Glossy, Photo Paper Plus Semi-gloss or Glossy Photo Paper.

Interface	PC: USB 2.0 Hi-Speed ³ Camera Direct: Direct Print Port (PictBridge / Bubble Jet Direct) ⁴
Operating System	USB: Windows [®] XP/2000/Me/98 Mac OS X v 10.2.1 or later
GENERAL FEATURES	
Weight	Approx. 6.5kg
Power Source	AC 220–240V, 50/60Hz
Power Consumption	Max: 17W (printing) Standby: 0.8W
Acoustic Noise Level	34.2dB(A) in best quality mode
Operating Environment	Temperature: 5–35°C, Humidity: 10–90% RH (no condensation)
Storage Environment	Temperature: 0–40°C, Humidity: 5–95% RH (no condensation)
Dimensions (W x D x H)	419 x 299 x 160mm (minimum dimensions with paper trays and other extensions closed)
Included in the Box	
PIXMA iP4200 Bubble Jet printer, CD Tray, Setup Software & User's Guide CD-ROM, Printed Manual, 5 individual ink tanks (PGI-5Bk, CLI-8C, CLI-8M, CLI-8Y, CLI-8Bk), Print-head, 12 months warranty card, Power cord, Sample Photo Paper	

PRINT SPEED GUIDES

* Ink yield calculation is based on printing Canon 24 standard digital images on Photo Paper Plus Glossy (6" x 4" borderless print) with default settings in Windows XP driver. The figure in the table is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.

- Ink droplets can be placed with a pitch of 1/9600 inch at minimum.
 - Print speed dependent on system configuration, image/document complexity, type of paper used, software, print mode and does not take into account data processing time on host computer.
 - USB 2.0 Hi-Speed performance requires Windows XP with Service Pack 1 or Windows 2000 with Service Pack 4 with pre-installed USB 2.0 Hi-Speed port.
 - PictBridge camera direct and Bubble Jet Direct printing requires PictBridge or Bubble Jet Direct compatible digital cameras in order to function. Check with your digital camera manufacturer or users guide to determine PictBridge or Bubble Jet Direct compatibility.
 - Easy-WebPrint requires Microsoft[®] Internet Explorer version 5.5, version 6.0 recommended.
 - Up to 100 Years' Life in a Photo Album when printed with ChromaLife 100 ink on selected Canon photo papers. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. Result may vary based on individual environmental factors. For more information, please visit canon.com.au/ChromaLife100
- All specifications may change without notice.

The 1 year warranty can be upgraded to 3 years for a minimal cost and is backed by Canon's Customer Care Info-Line support. Driver updates and Technical Support are also available from our websites – canon.com.au or canon.co.nz
