1999 Chevrolet Lumina

\$4,999

Dealer Comments

This car will be going on sale this weekend. The asking price is \$ 4,999 ... but the selling price will be \$?,??? ! This is a very nice new car tradethat also happens to be inexpensive. It features the excellent 3800 V-6 Series 2 GM engine (200 horsepower) ... which is known as one of the finest engines in the world for reliable service. It is used in the Chevrolet police cars as well as in the famous Buick musclecar from the 1980's, the Grand National. Over the years it has poweredluxury cars, RVs, andrace cars. Thiscarqualifies for a comprehensive "wrap-around" service contract for complete peace-of-mind ... and can be financed with a minimum initial payment. Small monthly payments can be arranged for a reliable car with complete mechanical coverage ! Yes ... I understand that everyone is looking for cars with great fuel economy. No ... itwill not get 35 miles per gallon ... it will get "only" about 20-25 ... but consider this. It will cost you ten thousand dollar less to buy and if it costs ten dollar more per tankful that will take a thousand tankfuls to makeup ... and at 300 miles per tank that is 300x1000 ... or 300,000 miles. What is the good of saving a little bit on gas if it takes 20 years to equal the extra cost of the car based on 15k miles per year.

Why Buy From Me?

253-722-4688 is our new DIRECT INTERNET HOTLINE If you see any car you like, give me a call and I will email all the info I have on that car to you.
