Jeep®

LIBERTY FEATURES

ROOM TO STRETCH

With a 104.2-inch wheelbase, Liberty provides a generous 37.2 inches rear-seat leg room and allows passengers to enter and exit easily through spacious rear doors.

INNOVATIVE SAFETY

Liberty's standard advanced multistage front air bags with Occupant Classification System (OCS)* are designed to deploy at different levels depending on the severity of the crash. Optional supplemental side-curtain air bags* help provide additional head protection for outboard occupants.

* Always sit properly in the seat with the seat belt fastened

LUXURIOUS SEATING

Downtown or uphill, melt into your choice of available sumptuous leather-trimmed seating

ALWAYS A JEEP VEHICLE

The distinctive seven-slot grille. The round headlamps. Sixty years of unrivaled capability and toughness. Yes, Liberty is a direct descendant of the original legendary Jeep vehicle. First designed to carry messages between U.S. Army units, now it carries you and your gear in complete comfort. Wherever you go, whatever you do ... only in a Jeep vehicle.

REAR SWING-GATE WITH FLIPPER GLASS

Open the swing-gate and load up nearly 70 cubic feet of cargo (with rear seat folded). Or use the flipper-glass to make a quick grab.

POWERFUL PULL

When properly equipped, Jeep Liberty can tow up to 5,000 pounds. That means you can haul your boat to the water or pull your living room to your new digs without breaking a sweat.

LIBERTY OFF-ROAD CAPABILITY

JEEP LIBERTY. TRAIL RATED

Rumor has it that some people out there forgot that 4x4 vehicles are meant for 4x4 roads, not just highway commutes. That's why we created the Jeep Trail Rated system. It's proof that every Jeep Liberty 4x4 can capably handle brutal tests for Traction, Articulation, Ground Clearance, Maneuverability, and Water Fording.

Traversing deep water can cause damage, which voids the vehicle warranty. Always off-road responsibly in approved areas.

AMPLE GROUND CLEARANCE

At curb weight, Liberty delivers an impressive 9.4 inches of ground clearance, 37° approach angle, a 31.5° departure angle and a breakover angle of 21.8°.

TRACTION

Liberty Sport 4x4 comes standard with the Command-Trac © part-time 4WD system. Liberty gets great traction through mud, sand, loose gravel and medium-sized hills because of this legendary 4x4 system.

ENGINE

The 210-horsepower 3.7-liter V6 (left) allows Liberty to tow up to 5,000 pounds when properly equipped. The available 2.8L Common-Rail Diesel boasts 160 horsepower and provides up to 32% better fuel efficiency compared to gasoline engines.*

*Seventeen percent to 32 percent increased fuel economy, depending on driving conditions. Based on 2005 Automotive News, Entry Level Sport Utility Segment, 2005 EPA Fuel Economy Guide and on preliminary 2006 Liberty EPA Estimates of 21 mpg city and 26 mpg highway.
