Location of controls

1. Mini USB slot
2. RESET hole
3. Headphone jack
4. [＋] Volume up button
5. [▬] Volume down button
6. Touch-screen display
7. ⬛ Select / Home button
8. [⏻] Power button
9. Micro SD card slot
10. [📷] Previous / Shutter button
11. Camera lens
12. Speaker

Charging

1. Connect the player to your computer using the included USB cable.

2. Charge the battery between 3-5 hours. Do not charge for more than 8 hours.

You can access the home screen while charging by pressing the [⬛] button.

Micro SD card

This player includes 4GB internal memory, you may use Micro SD cards (up to 32GB) to increase the memory of the player.

To insert the Micro SD card:

1. Turn the player off before inserting or removing the card.

2. Insert the Micro SD card into the card slot with the metal contacts facing towards the back of the player and gently push it in until it clicks. Do not apply excessive force as this may damage the player and/or Micro SD card.

3. To view certain types of files on the Micro SD card, select a function icon from the home screen, then open the browser and select **"CardDir"**.

4. To remove the Micro SD card, gently push it in until it pops out.

5. When the player is connected to a computer with a card inserted, the card will be listed as a second drive titled **"MP3"**.

ⓘ • Do not use force while inserting or removing a card.
• Do not remove the card during file transfers.
• Turn the player off before inserting or removing a card.

*Insert card with the metal contacts facing the back of the player

Micro SD
Transferring media files to the player

1. Find music, picture, or video files on your computer.

2. Connect the MP3 Player to your computer, and locate **"MP3"**.

3. Drag the files into the Music, Pictures or Video folder.

My Music   My Pictures   My Videos
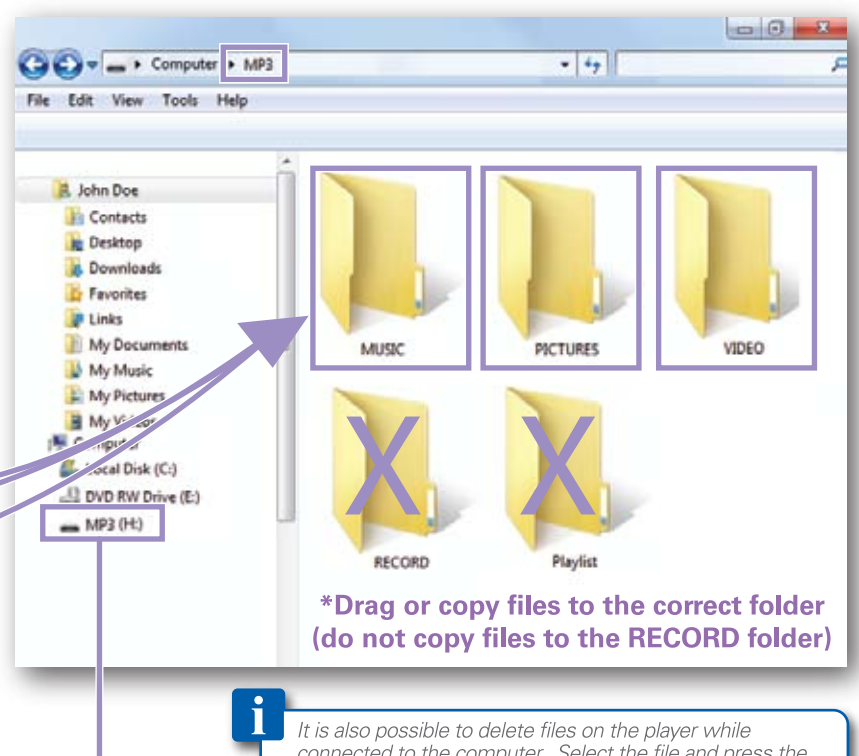

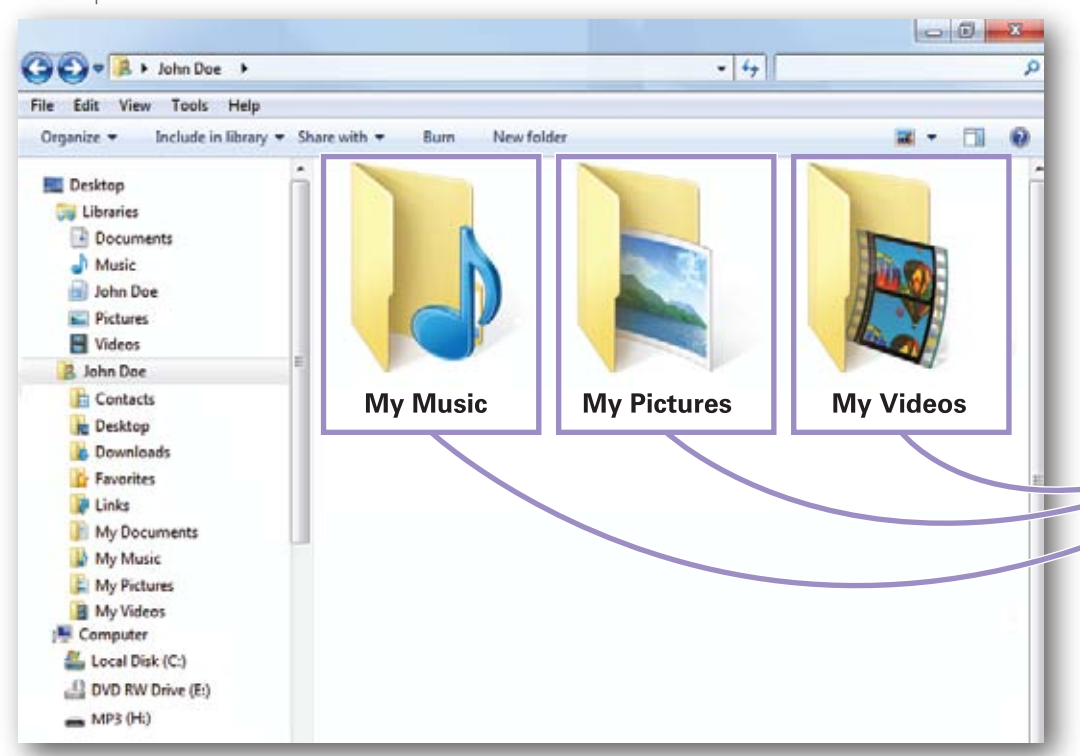

*Screenshots above may be slightly different than your computer's operating system.

Locate **"MP3"**

*Drag or copy files to the correct folder (do not copy files to the RECORD folder)

ⓘ It is also possible to delete files on the player while connected to the computer. Select the file and press the **"delete"** key of the computer's keyboard.
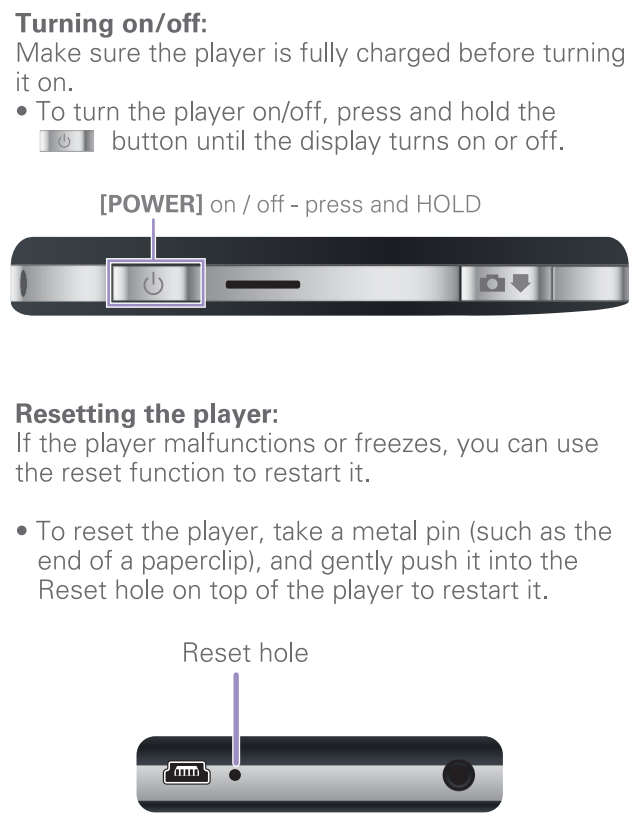

Converting videos

Before transferring video files to the player, you must convert them to the correct format. Use the Video Converter provided on the included CD to convert most video files to the correct format suitable for the player.

1. Insert the CD into your computer's CD drive.

2. The CD should open automatically. On the installer screen that appears, select **"Video Converter"**.

3. Select **"User Guide"** from the installer screen to view instructions on converting videos.
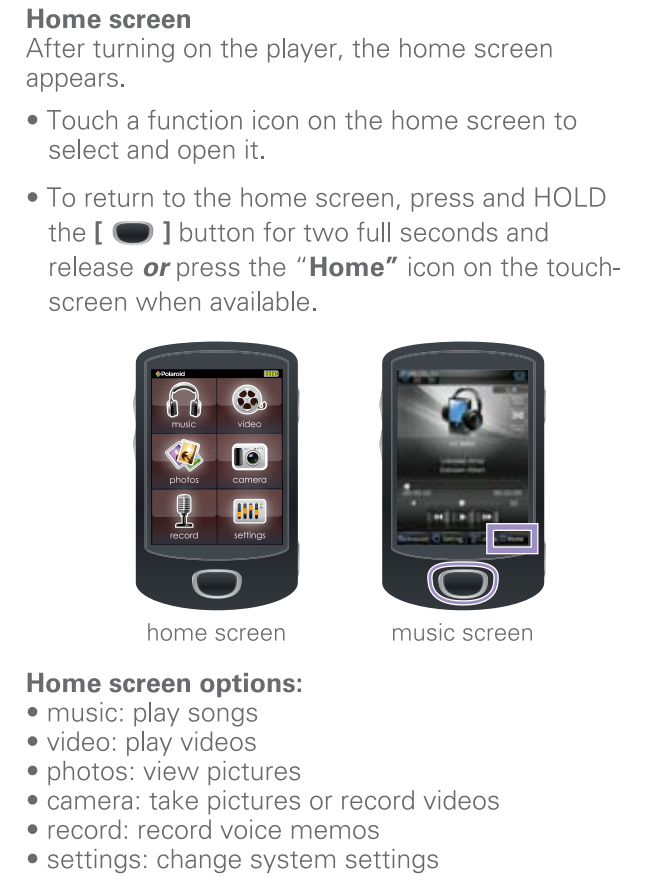

Installer screen

ⓘ If the CD installer screen does not open automatically, go to **My Computer > CD Drive > Setup.exe** to manually launch the installer screen.

Basic operation

Turning on/off:
Make sure the player is fully charged before turning it on.
• To turn the player on/off, press and hold the [⏻] button until the display turns on or off.

[POWER] on / off - press and HOLD

Resetting the player:
If the player malfunctions or freezes, you can use the reset function to restart it.

• To reset the player, take a metal pin (such as the end of a paperclip), and gently push it into the Reset hole on top of the player to restart it.

Reset hole

Using the player

Home screen
After turning on the player, the home screen appears.

• Touch a function icon on the home screen to select and open it.

• To return to the home screen, press and HOLD the [⬛] button for two full seconds and release *or* press the "**Home**" icon on the touch-screen when available.

home screen   music screen

Home screen options:
• music: play songs
• video: play videos
• photos: view pictures
• camera: take pictures or record videos
• record: record voice memos
• settings: change system settings

Control buttons
This player can be used by touching the icons on the touch-screen or by pressing the control buttons of the player.

control buttons

• Make selection
• Return to home screen (press and HOLD)
• Play / Pause (media playback mode)

Legal information

FCC Part 15:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

● Reorient or relocate the receiving antenna.
● Increase the separation between the equipment and receiver.
● Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
● Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment.

Shielded USB cables must be used with this unit to ensure compliance with the Class B FCC limits.

PLR IP Holdings, LLC, its licensees and affiliates, fully support all electronic waste initiatives. As responsible stewards of the environment, and to avoid violating established laws, you should properly dispose of this product in compliance with all applicable regulations, directives or other governances in the area where you reside. Please check with local authorities or the retailer where you purchased this product to determine a location where you can appropriately dispose of the product.

You may also go to HYPERLINK "http://www.polaroid.com" www.polaroid.com and reference About / Electronic Recycling to learn more about the specific laws in your area and to locate a collection facility near your home.

If your electronic device has internal memory on which personal or other confidential data may be stored, you may want to perform a data sanitization process before you dispose of your device to assure another party cannot access your personal data. Data sanitization varies by the type of product and its software, and you may want to research the best sanitization process for your device before disposal. You may also check with your local recycling facility to determine their data sanitization procedures during the recycling process.

Troubleshooting

Can not power on
• The battery may be exhausted, please recharge the battery.

Files can not be transferred to the player
• Check if the driver is installed correctly in the computer by disconnecting and then reconnecting the player to the computer
• Check the connection between the player and PC, and confirm the USB cable is properly connected.

No sound from the headphones
• Please ensure the volume is turned up, and the headphones are properly connected.
• Check if the format of music file is supported by the player.

Can not record
• Check if there is enough memory and battery capacity.

Display is in the wrong language
• Please ensure you selected the correct language from the "Settings" menu.

I cannot display my .jpg files
• Many digital cameras and image editing softwares add hidden data to the .jpg files. This data can prevent the player from loading the images. Try to eliminate them by saving the file with another name.

Resetting the player
If the player malfunctions, you can use the reset function to restart it.
• To reset the player, take a metal pin (such as the end of a paperclip), and push it into the RESET hole to restart the player.

Limited Warranty

This product as supplied and distributed new by AIT, Inc. ("AIT") to the original consumer purchaser is warranted by AIT against defects in material and workmanship for a period of one year from your date of purchase ("Warranty").
In the unlikely event that this product is defective, or does not perform properly, you may within one year from your original date of purchase return it to the authorized service center for repair or exchange.

TO OBTAIN WARRANTY SERVICE:
• Provide proof of the date of purchase within the package (Dated bill of sale).
• Prepay all shipping costs to the authorized service center, and remember to insure your return.
• Include a return shipping address (no P.O. Boxes), a telephone contact number, and the defective unit within the package.
• Describe the defect or reason you are returning the product.

Your product will be repaired or replaced, at our option, for the same or similar model of equal value if examination by the service center determines this product is defective. Products received damaged as a result of shipping, will require you to file a claim with the carrier.

The shipping address of the authorized service center is:

AIT, Inc.
ATTN: Customer Service (2nd Floor)
14-C 53rd Street
Brooklyn, NY 11232

IN NO EVENT WILL AIT, ITS MANUFACTURERS, DISTRIBUTORS OR PLR IP HOLDINGS, LLC BE LIABLE FOR ANY INCIDENTAL, DIRECT, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, BUSINESS, SAVINGS, DATA OR RECORDS) RELATED TO THIS PRODUCT. EXCEPT AS STATED HEREIN, NO OTHER WARRANTIES SHALL APPLY.
